

Marie Curie Coffee Morning

Year 12 students raise money for Marie Curie.

A coffee morning was organized by year 12 students at Feversham in order to raise money for Marie Curie Cancer Care. Students invited staff from the Feversham First Steps nursery as well as the local church and Sikh temple. The event was also attended by staff at Feversham College.

Tea, coffee, cakes and biscuits were provided by the students who had baked them in school. They were thoroughly enjoyed by all who attended. The event raised £158 which will go towards the Marie Curie Hospice in Bradford, which supports people living with a terminal illness and their families.

“We wanted to do something to help the local community and Marie Curie offer a lot of help and support to people who are ill so we decided to hold a coffee morning to raise money for them”, Year 12 student.
